The one interesting statement that I found in all of the Heidegger I know which includes Holzwege which end in the forest occurs at the end of the Introduction 7 to Sein und Zeit. Jahrhundert aus Theorien und Anleitungen zur Meditation. It completely covered its theme and developed its thesis in a skilled and scholarly fashion.

He has also set eternity in the human heart; yet no one can fathom what God has done. A supergene has arisen from a multilocus architecture that controls wing patterns in many Heliconius species see the Multilocus Architecture section below where translocations of a few wing patterning genes to LG15 followed by an inversion locking these genes in a single linkage group has secured this nonrecombining supergene. Then Brad Wilk added his pulse to it and it felt like together we had given life to these stories that otherwise are sounds and lyrics filling space.
